FINANCIAL SECTION
FOR THE FISCAL YEARS ENDED NOVEMBER 30, 2018 AND 2017

INDEPENDENT AUDITOR'S REPORT

The Chairman and Members of
The Carneys Point Township Sewerage Authority
Carneys Point, New Jersey 08069

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Carneys Point Township Sewerage Authority, in the County of Salem, State of New Jersey, a component unit of the Township of Carneys Point (Authority), as of and for the fiscal years ended November 30, 2018 and 2017 and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Carneys Point Township Sewerage Authority, in the County of Salem, State of New Jersey as of November 30, 2018 and 2017, and the changes in its financial position and its cash flows thereof for the fiscal years then ended, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Adoption of New Accounting Principles

As discussed in note 1 to the financial statements, during the fiscal year ended November 30, 2018, the Authority adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. Our opinion is not modified with respect to this matter.

Prior Period Restatement

Because of the implementation of GASB Statement No. 75, the accompanying financial statements as of and for the year ended November 30, 2017 have been restated, as discussed in note 10 to the financial statements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the Authority's total OPEB liability and related ratios, schedule of the Authority's proportionate share of the net pension liability and schedule of the Authority's pension contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying supplementary schedules as listed in the table of contents are not a required part of the basic financial statements.

The accompanying supplementary schedules as listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 18, 2019 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

INDEPENDENT AUDITOR'S REPORT

The Chairman and Members of
The Carneys Point Township Sewerage Authority
Carneys Point, New Jersey 08069

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and in compliance with audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the business-type activities of the Carneys Point Township Sewerage Authority, in the County of Salem, State of New Jersey, a component unit of the Township of Carneys Point (Authority), as of and for the fiscal year ended November 30, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated November 18, 2019. Our report on the financial statements included an emphasis of matter paragraph describing the restatement of the prior period financial statements resulting from the adoption of new accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying *Schedule of Findings and Recommendations*, we did identify certain deficiencies in internal control that we consider to be material weaknesses as findings no. 2018-001 and 2018-002.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey and which is described in the accompanying *Schedule of Findings and Recommendations* as finding no. 2018-002.

The Authority's Response to Findings

The Authority's response to the findings identified in our audit is described in the accompanying *Schedule of Findings and Recommendations*. The Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CARNEYS POINT TOWNSHIP SEWERAGE AUTHORITY
Management's Discussion and Analysis
For the Fiscal Years Ended November 30, 2018 and 2017
(Unaudited)

The Carneys Point Township Sewerage Authority (the Authority) is a public agency providing sewerage collection and treatment services to Carneys Point Township. This section of the Authority's annual financial report provides a discussion and analysis of the financial performance for the fiscal year ending on November 30, 2018. The entire annual financial report consists of five parts; Independent Auditor's Report, the management's discussion and analysis (this section), the basic financial statements, the required supplemental information and the supplemental schedules.

FINANCIAL HIGHLIGHTS

The management of the Authority believes their financial position is very stable. Key financial highlights for the Authority's fiscal year 2018 are as follows:

- Fiscal year 2018 operating revenues totaled \$2,077,890.21, an increase of \$85,088.19 from the prior fiscal year's amount of \$1,992,802.02.
- Fiscal year 2018 operating expenses totaled \$2,211,442.17, a decrease of \$58,427.45 from the prior fiscal year's amount of \$2,269,869.62.
- At the end of fiscal year 2018, total assets were \$15,117,083.69 and total deferred outflows were \$569,906.00. After deducting liabilities of \$3,521,321.02 and adjusting for deferred inflows of resources of \$867,022.50, the resulting net position is \$11,298,646.17.
- Change in Net Position for fiscal year 2018 was a decrease of \$170,291.34 in comparison to a decrease of \$369,960.50 for fiscal year 2017.
- During fiscal year 2018, the Authority paid down \$110,000.00 on the Authority's project note and renewed the remaining \$660,000.00 for another year. Also during the fiscal year, the Authority paid down \$110,000.00 in Revenue Bonds leaving a balance of \$770,000.00 payable in equal installments over the next 7 years.

OVERVIEW OF THE FINANCIAL STATEMENTS

The basic financial statements report information about the Authority as a whole using accounting methods similar to those used by private-sector companies. The statements of net position include all of the Authority's assets, liabilities, and deferred outflows and inflows of resources. As the Authority follows the accrual method of accounting, the current year's revenues and expenses are accounted for in the statements of revenue, expenses and changes in net position regardless of when cash is received or paid. Net position, the difference between the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources are a measure of the Authority's financial health or position.

The statements of revenue, expenses and changes in net position provide a breakdown of the various areas of revenues and expenses encountered during the current year. The statements of cash flows provide a breakdown of the various sources of cash, categorized into four areas: cash flows from operating activities, non-capital financing activities, capital and related financing activities and investing activities.

OVERALL ANALYSIS

The Authority's overall financial position is positive. The Authority has not experienced any material change in the overall mix of its residential, commercial, public and industrial customer-billing base. The rate structure remains stable. The Authority's rate structure is such that residential customers pay a flat rate and commercial users pay based on water consumption.

Any new customers added to the Authority's wastewater treatment system during fiscal 2018 were overall insignificant.

The Authority has a collection program for delinquent accounts. The collection rate for the fiscal year 2018 was 84.53% with an average of 84.36% for the three year period ended November 30, 2018. In fiscal year 2018, the Authority sold liens on accounts that were deemed uncollectible. This had a positive effect on the service charge collections for fiscal year ended November 30, 2018.

CARNEYS POINT TOWNSHIP SEWERAGE AUTHORITY
Management's Discussion and Analysis (Cont'd)
For the Fiscal Years Ended November 30, 2018 and 2017
(Unaudited)

OVERALL ANALYSIS (CONT'D)

The future is stable for the Authority, as income from residential housing units comprises the most significant portion of Authority revenue. There is no particular emphasis or imbalance in the type of business enterprises within the commercial sector. Commercial users exist, but are comprised of diverse, decentralized business enterprises that include government agencies, warehousing, office buildings, hotels and highway/truck service centers. The Authority does not rely on one single business segment or enterprise as a major source of revenue.

BUDGET VARIANCES

The fiscal year 2018 budget was adopted within state guidelines. Operating and non-operating revenue exceeded the anticipated amount by \$150,728.56. Operating, principal payments and non-operating expenditures, net of unrestricted net position to balance the budget had an unfavorable budget variance in the amount of \$110,549.90. The resulting excess of budgetary revenues over budgetary appropriations was \$40,178.66. See Schedule 1 for a detailed budgetary comparison of fiscal year 2018 revenue and expenditure line items.

CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

The Authority is proactive in its maintenance philosophy for its capital facilities. The Authority has been aggressively budgeting funds for its Renewal and Replacement program. Over the past five fiscal years, the Authority has appropriated a total of \$1,240,000.00, to meet the needs of continued improvements to the wastewater treatment system. The Authority is currently working on the Capital Budget and Improvement Plan for fiscal years 2020 through 2024. The 2019 Capital Budget was adopted with the annual budget on November 20, 2018.

As discussed above, in 2018 the Authority continued collection system improvement projects designed to reduce the impact of extraneous flows on the collection system. These projects will extend the useful life of the wastewater collection system and reduce the number of emergency pipeline failures. The projects are as follows:

- Phase 2 Sewer Main Replacement Project
- Lafayette Road Pump Station Rehabilitation
- Route 295 Pump Station Gravity Main Repairs
- UV and Filter System Replacement
- RBC Replacement

The Authority has not experienced any change in its credit rating, nor does it anticipate any. Although the Authority does not operate under any debt limitations, it is required to receive approval from the Carneys Point Township Committee and the Local Finance Board, Department of Community Affairs, State of New Jersey prior to issuing any new debt.

CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide Carneys Point Township residents and our customers, clients, investors, and creditors, with a general overview of the Authority's finances. CARNEYS POINT TOWNSHIP SEWERAGE AUTHORITY
Notes to Financial Statements
For the Fiscal Years Ended November 30, 2018 and 2017

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Carneys Point Township Sewerage Authority (the "Authority") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant of these policies.

Reporting Entity

The Upper Penns Neck Township Sewerage Authority was created by an ordinance adopted March 4, 1959 by the Township Committee of the Township of Upper Penns Neck in the County of Salem, New Jersey under the Sewerage Authority Law, R.S. 4:14B-1 et seq., of the State of New Jersey. Once the Township changed their name to the Township of Carneys Point (the "Township"), the name of the Authority was formally changed to the Carneys Point Township Sewerage Authority on February 28, 1977.

The Authority was created for the purpose of constructing, maintaining and operating sewerage collection and treatment facilities within the territorial boundaries of the Township from pollution or threatened pollution and for the improvement of conditions affecting the public health. The Authority provides sewerage collection services to substantially all of the area constituting the Township.

The Authority consists of five board members who are appointed by resolution of the Township Committee for five-year terms. The Senior Plant Operator manages the daily operations of the Authority.

Component Unit

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and / or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Authority has no component units and is a component unit of the Township of Carneys Point.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Basis of Presentation**

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America applicable to enterprise funds of State and Local Governments on a going concern basis. The focus of enterprise funds is the measurement of economic resources, that is, the determination of operating income, changes in net position (or cost recovery), financial position and cash flows. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The Authority is a single enterprise fund and maintains its records on the accrual basis of accounting. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by law or regulations that the activity's cost of providing services, including capital cost (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service). Under this method, revenues are recorded when earned and expenses are recorded when the related liability is incurred.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Enterprise funds are accounted for using the accrual basis of accounting.

Revenues -- Exchange and Non-Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. Sewer service charges are recognized as revenue when services are provided. Connection fees are collected in advance and, accordingly, the Authority defers these revenues until the municipality issues a release for certificate of occupancy and determines that sewage collection services are being provided to the properties.

Non-exchange transactions, in which the Authority receives value without directly giving equal value in return, include grants, contributed capital, and donations. Revenue from grants, contributed capital, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Authority must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Authority on a reimbursement basis.

Expenses - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

Budgets and Budgetary Accounting

The Authority must adopt an annual budget in accordance with N.J.A.C. 5:31-2. N.J.A.C. 5:31-2 requires the governing body to introduce the annual Authority budget at least 60 days prior to the end of the current fiscal year and to adopt not later than the beginning of the Authority's fiscal year. The governing body may amend the budget at any point during the fiscal year. The budget is adopted on the accrual basis of accounting with provisions for cash payments for bond principal. Depreciation expense and the annual required contribution for the Authority's Other Postemployment Benefits (OPEB) Plan and the Net pension Liability (PERS) are not included in the budget appropriations.

The legal level of budgetary control is established at the detail shown on the Statement of Revenue, Expenses and Changes in Net Position. All budget transfers and amendments to those accounts must be approved by resolution of the Authority as required by the Local Finance Board. Management may transfer among supplementary line items as long as the legal level line items are not affected. There are no statutory requirements that budgetary line items not be over-expended. The Authority did not adopt an amending budget resolution during the fiscal year.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Budgets and Budgetary Accounting (Cont'd)**

The Authority records encumbrances. An encumbrance represents a commitment related to unperformed contracts for goods or services. The issuance of a purchase order or the signing of a contract would create an encumbrance. The encumbrance does not represent an expenditure for the period, only a commitment to expend resources. At fiscal year-end, the accounting records are adjusted to record only expenses in accordance with generally accepted accounting principles.

Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds and cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey governmental units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. These permissible investments generally include bonds or other obligations of the United States of America or obligations guaranteed by the United States of America, government money market mutual funds, any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, bonds or other obligations of the local unit or bonds or other obligations of school district of which the local unit is a part or within which the school district is located, bonds or other obligations approved by the Division of Local Government Services in the Department of Community Affairs for investment by local units, local government investment pools, deposits with the State of New Jersey Cash Management Fund, and agreements for the purchase of fully collateralized securities with certain provisions. In addition, other State statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Additionally, the Authority has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. In lieu of designating a depository, the cash management plan may provide that the local unit make deposits with the State of New Jersey Cash Management Fund.

Inventories

Inventory consists principally of chemicals for the treatment of sewerage and sludge and is valued at cost. The Authority has determined that the inventories are immaterial and are not recorded in the financial statements.

Prepaid Expenses

Prepaid expenses recorded on the financial statements represent payments made to vendors for services that will benefit periods beyond the applicable fiscal year end.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Capital Assets**

Capital assets primarily consist of expenditures to acquire, construct, place in operation and improve the facilities of the Authority. Assets purchased are stated at actual cost. Donated capital assets are recorded at their fair market value as of the date received.

Expenditures, which enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the capital asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized. Costs incurred during construction of an asset are recorded as construction in progress. In the fiscal year that the project is completed, these costs are transferred to Capital Assets - Completed.

Expenditures are capitalized when they meet the following requirements:

- 1) Cost of \$5,000.00 or more
- 2) Useful life of more than one year
- 3) Asset is not affected by consumption

Depreciation

Depreciation is provided using the straight-line method over the following estimated useful life of the assets:

	<u>Years</u>
Sewer Mains and Interception	20-40
Vehicles	5
Buildings and Improvements	40
Pump Stations	40
Other Equipment	15 or 20

Deferred Outflows and Deferred Inflows of Resources

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The Authority is required to report the following as deferred outflows of resources and deferred inflows of resources: connection fee funds received prior to providing sewer services and defined benefit pension plans and postemployment benefit plans.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Compensated Absences**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Authority and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Authority and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the Authority is eligible to realize the revenue.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System ("PERS") and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

In accordance with the provisions of GASB Statement No. 34 ("Statement 34") of the Governmental Accounting Standards Board *"Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments"*, the Authority has classified its net position into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation, reduced, by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at fiscal year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Instead, that portion of the debt or deferred inflows of resources should be included in the same net position component as the unspent amount.

Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted - This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets." This component includes net position that may be allocated for specific purposes by the Board.

Income Taxes

The Authority operates as defined by the Internal Revenue Code Section 115 and appropriately is exempt from income taxes under Section 115.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Operating and Non-Operating Revenues and Expenses**

Operating revenues include all revenues derived from sewer collection facilities (i.e., sewer rents) and other revenue sources. Non-operating revenues principally consist of interest income earned on various interest-bearing accounts and connection fees.

Operating expenses include expenses associated with the operation, maintenance and repair of the sewer collection facilities and general administrative expenses. Non-operating expenses principally include expenses attributable to the Authority's interest on funded debt, major non-recurring system repairs, bad debt allowance and contributions to Carneys Point Township.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Impact of Recently Issued Accounting Policies**Recently Issued and Adopted Accounting Pronouncements**

For the fiscal year ended November 30, 2018, the Authority adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The cumulative effect of adopting this Statement totaled \$298,329.00, and was recognized as a restatement of the Authority's November 30, 2016, net position on the Statements of Revenue, Expenses and Changes in Net Position (see note 10).

Also, the Authority adopted GASB Statement No. 81, *Irrevocable Split-Interest Agreements*. This Statement improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The adoption of this Statement had no impact on the Authority's financial statements.

Additionally, the Authority adopted Statement No. 85, *Omnibus 2017*. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The adoption of this Statement had no impact on the Authority's financial statements.

Lastly, the Authority adopted Statement No. 86, *Certain Debt Extinguishment Issues*. The objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources—resources other than the proceeds of refunding debt—are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The adoption of this Statement had no impact on the Authority's financial statements.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)**Recently Issued Accounting Pronouncements**

The GASB has issued the following Statements which will become effective in future fiscal years as shown below:

Statement No. 83, *Certain Asset Retirement Obligations*. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The Statement will become effective for the Authority in the fiscal year ending November 30, 2019. Management does not expect this Statement will have an impact on the financial statements.

Statement No. 84, *Fiduciary Activities*. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The Statement will become effective for the Authority in the fiscal year ending November 30, 2020. Management does not expect this Statement will have an impact on the financial statements.

Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The Statement will become effective for the Authority in the fiscal year ending November 30, 2021. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Statement will become effective for the Authority in the fiscal year ending November 30, 2019. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The objective of this Statement is to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period. It also simplifies accounting for interest cost incurred before the end of a construction period. The Statement will become effective for the Authority in the fiscal year ending November 30, 2021. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 90, *Major Equity Interests*. The objective of this Statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The Statement will become effective for the Authority in the fiscal year ending November 30, 2020. Management has not yet determined the impact of this Statement on the financial statements.

Statement No. 91, *Conduit Debt Obligations*. The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The Statement will become effective for the Authority in the fiscal year ending November 30, 2022. Management has not yet determined the impact of this Statement on the financial statements.

Note 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**Compliance with Finance Related Legal and Contractual Provisions**

Management of the Authority is unaware of any material violations of finance related legal and contractual provisions.

Capital Project Note Resolutions

The Authority is subject to the provisions and the terms of the Note Resolution Series 2013, dated August 20, 2013 and supplemented by Note Resolution Series 2014, dated August 19, 2014, Note Resolution Series 2015, dated August 18, 2015, Note Resolution Series 2016, dated June 19, 2016, Note Resolution Series 2017, dated June 20, 2017, and Note Resolution Series 2018, date July 17, 2018. As required by the Resolutions, certain cash accounts and investments of the Authority are maintained by an independent trustee, accounted for in various accounts and segregated for specific use and for the security of the note holders. The purpose of the trust accounts are summarized as follows:

Construction Fund - There shall be paid into the Construction Fund the amounts required to be so paid by the provisions of this 2013 Note Resolution and the Authority's Receipt for the Purchase Price of the Notes and Application of Proceeds executed upon closing of the Notes by the Business Manager of the Authority pursuant to Section 2.06 of the Resolution. In addition, there shall be deposited into the Construction Fund any other amounts received by the Authority to pay the Cost of Construction of the Project. Amounts in the Construction Fund, including the investment earnings thereon, shall be applied to the Cost of Construction of the Project, in the manner provided in Section 3.03 of the Resolution. Notwithstanding any of the other provisions of this Section, to the extent that other moneys are not available therefor, amounts in the Construction Fund shall be applied to the payment of principal of and interest on the Notes when due.

Debt Service Fund - There shall be paid into the Debt Service Fund: (i) the amounts required to be so paid by the provisions of this 2015, 2016, 2017 and 2018 Note Resolution(s) and the Authority's Receipt for the Purchase Price of the Notes and Application of Proceeds executed upon closing of the Notes by the Business Manager of the Authority pursuant to Section 2.06 of the Resolution; and (ii) sufficient moneys in the amounts and in the manner necessary to satisfy the requirements of Section 4.02 of the Resolution.

The Trustee shall pay out of the Debt Service Fund to the Noteholders the amount required for the principal of and interest payable on the Notes on the due date.

Cost of Issuance Fund - There shall be paid into the Cost of Issuance Fund the amounts required to be so paid by the provisions of the Note Resolution(s) and the Authority's Receipt for the Purchase Price of the Notes and Application of Proceeds executed upon closing of the Notes by the Business Manager of the Authority pursuant to Section 2.05 of the Resolution(s). Notwithstanding any of the other provisions of this Section, to the extent that other moneys are not available therefor, amounts in the Cost of Issuance Fund shall be applied to the payment of principal of and interest on the Notes when due.

Note 2: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONT'D)**Capital Project Note Resolutions (Cont'd)****2015 Bond Resolution**

The Authority is subject to the provisions and the terms of the 2015 Bond Resolution, dated January 28, 2015 as amended and supplemented on March 17, 2015. As required by the Resolution, certain cash accounts and investments of the Authority are maintained by an independent trustee, accounted for in various accounts and segregated for specific use and for the security of the Salem County Pollution Control Financing Authority (SCPCFA). The purpose of the trust accounts are summarized as follows:

Construction Fund - There shall be paid into the Construction Fund the amounts required to be so paid by the provisions of this 2015 Bond Resolution and the Authority's Receipt for the Purchase Price of the Bonds and Application of Proceeds executed upon closing of the Bonds by the Business Manager of the Authority pursuant to Section 2.06 of the Resolution. In addition, there shall be deposited into the Construction Fund any other amounts received by the Authority to pay the Cost of Construction of the Project. Amounts in the Construction Fund, including the investment earnings thereon, shall be applied to the Cost of Construction of the Project, in the manner provided in Section 3.03 of the Resolution. Notwithstanding any of the other provisions of this Section, to the extent that other moneys are not available therefor, amounts in the Construction Fund shall be applied to the payment of principal of and interest on the Bonds when due.

Debt Service Fund - There shall be paid into the Debt Service Fund: (i) the amounts required to be so paid by the provisions of this 2015 Bond Resolution and the Authority's Receipt for the Purchase Price of the Bonds and Application of Proceeds executed upon closing of the Bonds by the Business Manager of the Authority pursuant to Section 2.06 of the Resolution; and (ii) sufficient moneys in the amounts and in the manner necessary to satisfy the requirements of Section 4.02 of the Resolution. The Trustee shall pay out of the Debt Service Fund to the SCPCFA the amount required for the principal of and interest payable on the Bonds on the due date.

Note 3: DETAIL NOTES - ASSETS**Cash and Cash Equivalents**

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits might not be recovered. Although the Authority does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000.00 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the Authority in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled trust funds such as salary withholdings or funds that may pass to the Authority relative to the happening of a future condition. If the Authority had any such funds, they would be shown as Uninsured and Uncollateralized in the schedule below.

As of November 30, 2018 and 2017, the Authority's bank balances were exposed to custodial credit risk as follows:

	November 30,	
	<u>2018</u>	<u>2017</u>

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Project Note Payable**

The Project Note is a direct obligation of the Authority. The Note is secured by a pledge on the revenues derived by the Authority from the operation of its sewerage treatment facilities. The Note is further secured by the limited service agreement between the Authority and the Township (See Note 6).

The original project note was issued to fund various reconstruction and repair projects to the system. The subsequent notes were issued to pay the previous notes. On September 26, 2013, the Authority issued a project notes in the amount of \$1,100,000.00, with an annual interest rate of 1.25% and maturing on September 25, 2014. This note was renewed on September 24, 2014 in the amount of \$1,100,000.00 with an annual interest rate of 1.00% and maturing on September 23, 2015. The note was again renewed on September 22, 2015 in the amount of \$990,000.00 with an annual interest rate of 0.97% and maturing on September 21, 2016. The note was again renewed on September 20, 2016 in the amount of \$880,000.00 with an annual interest rate of 1.019% and maturing on September 19, 2017. The note was again renewed on September 18, 2017 in the amount of \$770,000.00 with an annual interest rate of 1.740% and maturing on September 17, 2018. The note was again renewed on September 13, 2018 in the amount of \$660,000.00 with an annual interest rate of 2.570% and maturing on September 12, 2019. Final payment on the note is expected in fiscal year 2023.

Revenue Bonds Payable

The Revenue Bonds are a direct obligation of the Authority. The Bonds are secured by a pledge on the revenues derived by the Authority from the operation of its sewerage treatment facilities. The Bonds are further secured by the limited service agreement between the Authority and the Township (See Note 6).

The 2015 Series Bonds were issued to fund various capital improvements to the Authority's system and pay certain costs related to the issuance of the 2015 Bonds. The Bonds were issued originally for \$1,100,000.00 and carried interest rate of 0.45%. The final maturity of the bonds is September 1, 2025.

Compensated Absences

Authority employees may accumulate unused sick days to a maximum of 120 days. Union employees are compensated for accumulated sick leave upon retirement or resignation at one-half of their then current hourly rate of pay times the number of days accumulated, up to a maximum of \$5,000. For non-union employees, accrued sick leave can accumulate indefinitely, but has no cash value upon termination. Vacation days and holidays not used during the year may be accumulated (banked) and carried forward to the next succeeding year but may not exceed two weeks. Union employees are compensated for accumulated vacation and unused holidays upon retirement or resignation at one-half of their number of days accumulated times their current hourly rate of pay. Non-union employee vacation days carried forward must be utilized in the next succeeding year or be forfeited. In addition, employees retiring pursuant to the Public Employees Retirement System with at least 15 years of service shall receive \$40 for each year of service. The accrued liability for accumulated sick leave and vacation time at November 30, 2018 and 2017 is estimated at \$35,212.40 and \$30,283.08, respectively.

Net Pension Liability

For details on the net pension liability, see the Pension Plans section below. The Authority's annual required contribution to the Public Employees' Retirement System is budgeted and paid on an annual basis.

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Pension Plans**

A substantial number of Authority employees participate in the Public Employees' Retirement System ("PERS"), a defined benefit pension plan, which is administered by the New Jersey Division of Pensions and Benefits ("the Division"). In addition, Authority employees may participate in the Defined Contribution Retirement Program ("DCRP"), which is a defined contribution pension plan. This plan is administered by Prudential Financial for the New Jersey Division of Pensions and Benefits. Each plan has a Board of Trustees that is primarily responsible for its administration. The Division issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to:

General Information about the Pension Plans**Plan Descriptions**

Public Employees' Retirement System - The Public Employees' Retirement System is a cost-sharing multiple-employer defined benefit pension plan which was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A. The PERS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the Authority, provided the employee is not required to be a member of another state-administered retirement system or other state pensions fund or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the PERS.

Defined Contribution Retirement Program - The Defined Contribution Retirement Program is a multiple-employer defined contribution pension fund established on July 1, 2007 under the provisions of Chapter 92, P.L. 2007, and Chapter 103, P.L. 2007 (N.J.S.A. 43:15C-1 et. seq.). The DCRP is a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) § 401(a) et seq., and is a "governmental plan" within the meaning of IRC § 414(d). The DCRP provides retirement benefits for eligible employees and their beneficiaries. Individuals covered under DCRP are employees enrolled in PERS on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits; employees enrolled in New Jersey State Police Retirement System (SPRS) or the Police and Firemen's Retirement System (PFRS) after May 21, 2010, who earn salary in excess of established "maximum compensation" limits; employees otherwise eligible to enroll in PERS on or after November 2, 2008, who do not earn the minimum annual salary for tier 3 enrollment but who earn salary of at least \$5,000.00 annually; and employees otherwise eligible to enroll in PERS after May 21, 2010 who do not work the minimum number of hours per week required for tiers 4 or 5 enrollment, but who earn salary of at least \$5,000.00 annually.

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Pension Plans (Cont'd)****Vesting and Benefit Provisions**

Public Employees' Retirement System - The vesting and benefit provisions are set by N.J.S.A. 43:15A and 43:3B. The PERS provides retirement, death and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of the PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 21, 2010
4	Members who were eligible to enroll after May 21, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program - Eligible members are provided with a defined contribution retirement plan intended to qualify for favorable federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and nonforfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and nonforfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

Contributions

Public Employees' Retirement System - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Members contribute at a uniform rate. Pursuant to the provisions of Chapter 78, P.L. 2011, the active member contribution rate increased from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over seven years beginning in July 2012. The member contribution rate was 7.34% in State fiscal year 2018 and 7.20% in State fiscal year 2017. The phase-in of the additional incremental member contribution rate takes place in July of each subsequent State fiscal year. The rate for members who are eligible for the Prosecutors Part of PERS (Chapter 366, P.L. 2001) was 10% in State fiscal year 2018. Employers' contribution are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability.

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Pension Plans (Cont'd)****Contributions (Cont'd)**

Public Employees' Retirement System (Cont'd) - The Authority's contractually required contribution rate for the fiscal years ended November 30, 2018 and 2017 was 14.99% and 13.28% of the Authority's covered payroll. These amounts were actuarially determined as an amount that, when combined with employee contributions, are expected to finance the costs of benefits earned by employees during the fiscal year, including an additional amount to finance any unfunded accrued liability.

Based on the most recent PERS measurement date of June 30, 2018, the Authority's contractually required contribution to the pension plan for the fiscal year ended November 30, 2018 was \$51,298.00 and was paid by April 1, 2019. Based on the PERS measurement date of June 30, 2017, the Authority's contractually required contribution to the pension plan for the fiscal year ended November 30, 2017 was \$45,530.00, which was paid by April 1, 2018. Employee contributions to the Plan during the fiscal years ended November 30, 2018 and 2017 were \$26,254.26 and \$26,187.56, respectively.

Defined Contribution Retirement Program - The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary. In addition to the employee contributions, the Authority contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period.

For the fiscal years ended November 30, 2018 and 2017, employee contributions totaled \$1,060.43 and \$941.83, respectively. The Authority recognized pension expense of \$578.42 and \$513.73 for the fiscal years ended November 30, 2018 and 2017, which equaled the required contributions. There were no forfeitures during the fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – PERS

At November 30, 2018, the Authority's proportionate share of the net pension liability was \$1,015,437.00. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2018 measurement date, the Authority's proportion was .0051572525%, which was an increase of .0002424928% from its proportion measured as of June 30, 2017.

At November 30, 2017, the Authority's proportionate share of the net pension liability was \$1,144,078.00. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2017. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. For the June 30, 2017 measurement date, the Authority's proportion was .0049147597%, which was an increase of .0000638262% from its proportion measured as of June 30, 2016.

For the fiscal years ended November 30, 2018 and 2017, the Authority recognized pension expense of \$107,427.00 and \$124,822.00, respectively. These amounts were based on the plan's June 30, 2018 and 2017 measurement dates, respectively.

The net pension liability was measured as of June 30, 2018 and 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017 and 2016. The total pension liability was calculated through the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2018 and 2017. These actuarial valuation used the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.25%
Salary Increases:	
Through 2026	1.65% - 4.15% Based on Age
Thereafter	2.65% - 5.15% Based on Age
Investment Rate of Return	7.00%

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Pension Plans (Cont'd)****Actuarial Assumptions – PERS (Cont'd)**

For the June 30, 2018 measurement date, preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from 2012 to 2013 using Projection Scale AA and using a generational approach based on the Conduent modified 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

For the June 30, 2017 measurement date, preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. For State employees, mortality tables are set back 4 years for males and females. For local employees, mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Post-retirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members and a one-year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018 and 2017) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS' target asset allocation as of June 30, 2017 and 2016 are summarized in the table on the following page.

Discount Rate - The discount rate used to measure the total pension liability at June 30, 2018 was 5.66%. The respective single blended discount rates were based on the long-term expected rate of return on pension Plan investments of 7.00%, and a municipal bond rate of 3.87% as of June 30, 2018, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from Plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 50% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make projected future benefit payments of current Plan members through 2046; therefore, the long-term expected rate of return on Plan investments was applied to projected benefit payments through 2046, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Pension Plans (Cont'd)****Actuarial Assumptions – PERS (Cont'd)**

Discount Rate (Cont'd) - The discount rate used to measure the total pension liability at June 30, 2017 was 5.00%. The respective single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.58% as of June 30, 2017, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on the contribution rate in the most recent fiscal year. The State employer contributed 40% of the actuarially determined contributions and the local employers contributed 100% of their actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liabilities.

Sensitivity of Authority's Proportionate Share of Net Pension Liability to Changes in the Discount Rate – PERS

The following presents the Authority's proportionate share of the net pension liability at June 30, 2018, the plans measurement date, calculated using a discount rate of 5.66%, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rates used:

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Postemployment Benefits Other Than Pensions (OPEB) – Authority Plan****General Information about the OPEB Plan****Plan Description and Benefits Provided**

The plan is funded on a pay-as-you-go basis and includes medical and prescription drug benefits for retirees. Union employees are eligible for benefits upon retirement provided they are at least age fifty-five (55) and have completed at least thirty (30) years of service with the Carney's Point Township Sewerage Authority. For union retirees hired after January 1, 1975, benefits cease once Medicare age is obtained. The Authority pays seventy-five (75) percent of the premiums and the union retiree is responsible for twenty-five (25) percent of the premiums. Non-union employees are eligible for benefits upon retirement provided they are at least age fifty-five (55), have completed at least twenty (20) years of service with the Carney's Point Township Sewerage Authority and have been enrolled in the PERS pension system for at least twenty-five (25) years. When a non-union retiree becomes eligible for Medicare, he/she shall promptly notify the Authority, and at that time the Authority health insurance shall become secondary. The Authority pays the entire premium for non-union retirees. Dental and vision benefits are not provided to retired employees. Benefits provided to retired employees cannot be granted to family members or dependents other than those in force at time of retirement. The benefit provisions of the plan may be established or amended by the Board of the Authority.

In accordance with GASB Statement 75, this plan is considered a Single Employer, Defined Benefit OPEB Plan that is not administered through a Trust that meets the criteria in paragraph 4 of GASB Statement 75.

Employees Covered by Benefit Terms

At November 30, 2018 and November 30, 2017, the following employees were covered by the benefit terms:

	<u>November 30, 2018</u>	<u>November 30, 2017</u>
Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	2	2
Inactive Employees Entitled to but Not Yet Receiving Benefit Payments	-	-
Active Employees	<u>7</u>	<u>7</u>
	<u>9</u>	<u>9</u>

Contributions

Union employees are required to contribute to the plan at 25% of the premium at retirement. Non-union employees are not required to contribute to the plan at retirement.

Net OPEB Liability

The Authority's total OPEB liability of \$496,969.00 as of November 30, 2018 and \$348,836.00 as of November 30, 2017 was measured as of November 30, 2017. The liabilities were determined by an actuarial valuation as of December 1, 2017 with the use of updated procedures to roll forward from the actuarial valuation date to the measurement date of November 30, 2018.

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Postemployment Benefits Other Than Pensions (OPEB) – Authority Plan (Cont'd)****Actuarial Assumptions and Other Inputs**

The following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	N/A
Salary Increases	N/A
Discount Rate	3.53%
Healthcare Cost Trend Rates	
Medical (Pre-65)	7.00%
Medical (Post-65)	5.00%
Retirees' Share of Benefit-Related Costs	Pursuant to Chapter 78

The discount rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index. Eligible bonds are rated at least AA by Standards and Poor's Rating Services, Aa2 by Moody's or AA by Fitch. If there were multiple ratings, the lowest rating was used.

Mortality rates were based on RP-2000 Combined Mortality Table for Males and Females as appropriate.

Termination rates, other than for death or retirement, were determined in accordance with the U.S. Office of Personnel Management regarding the experience of the employee group covered by the Federal Employee Retirement System. Some excerpts are:

<u>Age</u>	<u>% Terminating</u>
20	70.4%
40	15.9%
50	0.0%

No termination of employment related to disability. Retirements resulting from a disability were factored into age determination at retirement.

Future retirees (current active participants) age at retirement was determined, on average, at no earlier than fifty-five (55) and eligibility criteria is met, active participants who are not eligible at age sixty-five (65) will not accrued enough future service to become eligible for benefits and actual age was used for existing retirees.

All spouses will remain together and receive coverage.

An experience study was not performed on the actuarial assumptions used in the June 30, 2017 valuation since the plan had insufficient data to produce a study with credible results. Mortality rates, termination rates and retirement rates were based on standard tables either issued by the SOA. The actuary has used their professional judgement in applying these assumptions to this plan.

Note 4: DETAIL NOTES – LIABILITIES (CONT'D)**Changes in the Total OPEB Liability**

The following table shows the changes in the total OPEB liability for the fiscal years ended November 30, 2018 and November 30, 2017, respectively:

	<u>November 30, 2018</u>	<u>November 30, 2017</u>

Thereafter	119,650.00
	<u>\$ 174,460.00</u>

Note 5: DETAIL NOTES – DEFERRED INFLOWS OF RESOURCES**Connection Fees**

The Authority receives payments for connection fees when new users connect to the sewer system. The Authority does not supply the user with supplies or services to make the physical connection and is therefore considered a non exchange transaction. The Authority recognizes the revenue in the period that the user exercises their right to connect to the system.

Note 6: INTERGOVERNMENTAL AGREEMENTS**Township of Carneys Point Service Agreement**

A Service Agreement was entered into on May 31, 1961 between the Authority and the Township. Under the Service Agreement, the Township agrees to pay any shortfall the Authority may encounter in making payments for either Operating Expenses and/or Debt Service (Annual Charges). The purpose of this agreement is to grant temporary relief to the Authority should it experience difficulty in meeting its obligations. The agreement calls for the Township to be reimbursed for any Annual Charges paid by the Township when the Authority's operations permit. Ultimately, all Operating Expenses and Debt Service of the Authority are borne by revenues of the system.

Note 7: DEFERRED COMPENSATION

The Authority offers its employees a Deferred Compensation Plan in accordance with Internal Revenue Code Section 457 which has been approved by the Director of the Division of Local Government Services. The Plan, available to all full time employees at their option, permits employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

Amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Authority or its creditors. Since the Authority does not have a fiduciary relationship with the Plan, the balances and activities of the Plan are not reported in the Authority's financial statements.

Note 8: RISK MANAGEMENT

The Authority is a member of the New Jersey Utilities Authority Joint Insurance Fund. The Fund provides the Authority with the following coverage:

Workers' Compensation and Employer's Liability
Liability other than Motor Vehicles
Property Damage other than Motor Vehicles
Motor Vehicles

Contributions to the Fund, including a reserve for contingencies are payable in an annual premium and is based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Insurance may order additional assessments to supplement the Fund's claim, loss retention or administrative accounts to assure the payment of the Fund's obligations. The Authority's agreement with the pool provides that the pool will be self-sustaining through member premiums and will reinsure through commercial insurance for claims in excess of \$500,000.00 for each insured event.

The Fund publishes its own financial report for the year ended December 31, 2017, which can be obtained from:

New Jersey Utilities Authorities Joint Insurance Fund

Note 9: CONTINGENCIES

Litigation - The Authority is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the Authority, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

Note 10: RESTATEMENT OF PRIOR PERIOD FINANCIAL STATEMENTS

As indicated in note 1 to the financial statements, the Authority adopted GASB Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions., for the fiscal year ended November 30, 2018. As a result of implementing this Statement, a restatement of unrestricted net position was required to record the Authority's net OPEB obligation.

Note 10: RESTATEMENT OF PRIOR PERIOD FINANCIAL STATEMENTS (CONT'D)

The cumulative effect on the financial statements as reported for November 30, 2016 is as follows:

Changes in Assumptions

The Discount Rate changed at June 30th over the following years, 5.39% 2014, 4.90% 2015, 3.98% 2016, 5.00% 2017 and 5.66% 2018.

The Long-term Expected Rate of Return changed at June 30th over the following years, 7.90% 2014 and 2015, 7.65% 2016, 7.00% 2017 and 2018

For 2016, demographic assumptions were revised in accordance with the results of the July 1, 2011 - June 30, 2014 experience study and the mortality improvement scale incorporated the Plan actuary's modified MP-2014 projection scale. Further, salary increases were assumed to increase between 1.65% and 4.15% (based on age) through fiscal year 2026 and 2.65% and 5.15% (based on age) for each fiscal year thereafter.

For 2015, the social security wage base was set at \$118,500.00 for 2015, increasing 4.00% per annum, compounded annually and the 401(a)(17) pay limit was set at \$265,000.00 for 2015, increasing 3.00% per annum, compounded annually.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS

FOR THE FISCAL YEAR ENDED NOVEMBER 30, 2018

CARNEYS POINT TOWNSHIP SEWERAGE AUTHORITY
Schedule of Findings and Recommendations
For the Fiscal Year Ended November 30, 2018

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards* and with audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Schedule of Financial Statement Findings

Finding No. 2018-001

Criteria or Specific Requirement

Management is responsible for establishing and maintaining internal controls in the financial reporting system and for the fair presentation of the financial position, results of operations, cash flows, and disclosures in the financial statements in conformity with U.S. generally accepted accounting principles (GAAP). Additionally, for each accounting function, the transaction authorization, custody of the assets, and the recording of the transactions should not be performed by the same individual.

Condition

The Authority's internal control system lacks certain controls with respect to separation of duties and its system does not consistently produce information and classifications to bring the accounting records into alignment with generally accepted accounting principles. The Authority does not have a system in place that would enable management to prepare its own financial statements and complete disclosures in accordance with generally accepted accounting principles.

Context

The lack of certain controls within the Authority's internal control system was noted in performing the annual review of the internal control system and from prior experience with the Authority.

Effect

A lack of internal controls in the areas described above could result in the following: misappropriation of assets, misstated financial statements, inaccurate financial documentation, and improper use of funds or modification of data which could go undetected by employees in the normal course of performing their assigned duties.

Cause

There is a severely limited number of staff members to perform all accounting functions. There is one full-time employee, the Business Manager, and one staff member to perform all of the accounting functions. The ability to produce financial statements and disclosures that incorporate the increasingly rigorous accounting requirements is beyond her expertise and training.

Recommendation

That duties be divided among various Authority personnel, so that one employee cannot conceal errors and irregularities in the normal course of his or her duties. Ideally, Authority personnel should have the ability to prepare financial statements and complete disclosures in accordance with generally accepted accounting principles.

View of the Responsible Official

Cost benefit considerations prohibit increasing staff size or expertise. We would also like to comment on the fact that the situation regarding preparation of the financial statements is not new. The auditors have always prepared the financial statements due to the inability of the Authority to prepare them. Now their new auditing standards require that they comment on that fact. While we do not prepare the financial statements ourselves, we carefully review the drafts prepared by the auditors including the related footnote disclosures.

Schedule of Findings and Recommendations
For the Fiscal Year Ended November 30, 2018

Schedule of Financial Statement Findings (Cont'd)

Finding No. 2018-002

Criteria or Specific Requirement

Pursuant to N.J.A.C. 5:30-5.7, the general ledger, together with the books of original entry and supporting subsidiary ledgers, shall constitute a complete accounting system which all local units shall have and maintain. Proper internal control practices dictate that a complete and accurate general ledger should be maintained for each fund to ensure adequate control over the preparation of financial statements including the related footnotes.

Condition

The general ledger and subsidiary ledgers were not properly maintained for the fiscal year ended November 30, 2018. Year-end audit adjusting journal entries as of November 30, 2017 were not posted to the general ledger. Various general ledger asset and liability account balances did not reconcile with the subsidiary ledgers, including but not limited to, Trustee and Developers' Escrow cash balances, consumers accounts receivable, capital assets and deferred connection fee revenue. Trustee and Developers' Escrow accounts were not reconciled as of November 30, 2018.

Context

Adjustments were required to bring the general ledger balances into agreement with the subsidiary ledgers to properly reflect the financial activity of the Authority.

Effect

Without a properly maintained general ledger system, the immediate and current identification of assets, liabilities, revenues, expenditures and net position cannot be achieved.

Cause

Proper internal control policies and procedures over financial transactions are not in place to properly maintain the general ledger and corresponding subsidiary ledgers.

Recommendation

That the general ledger be accurately and completely maintained to ensure adequate control over the preparation of the financial statements and related related footnotes.

View of Responsible Officials and Planned Corrective Action

The responsible officials agree with the finding and will address the matter as part of their corrective action plan.

Summary Schedule of Prior Year Findings and
Recommendations as Prepared by Management

This section identifies the status of prior year findings related to the financial statements that are required to be reported in accordance with *Government Auditing Standards* and with the audit requirements as prescribed by the Bureau of Authority Regulation, Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Schedule of Financial Statement Findings

FINANCIAL STATEMENT FINDINGS

Finding No. 2017-001

Condition

The Authority's internal control system lacks certain controls with respect to separation of duties and its system does not consistently produce information and classifications to bring the accounting records into alignment with generally accepted accounting principles. The Authority does not have a system in place that would enable management to prepare its own financial statements and complete disclosures in accordance with generally accepted accounting principles.

Current Status

This condition remains unresolved as Finding No. 2018-001.

Planned Corrective Action

The Authority has engaged an accounting firm to provide fee accounting services and guidance in correcting the above condition.
